To Whom It May Concern:

My name is Peter Bergmann. I am the President of the Germann Country Estates Homeowners Association. Our community is located along Germann Road.

The community of Germann Country Estates fully supports the GRIC route for the 230kV high voltage power lines placement of the Price Road Corridor project. I am requesting that the members of the ACC vote YES on the current proposed route that SRP has recently filed, Docket #L-00000B-15-0059-00170.

We believe this is the best route for all of South Chandler and GRIC. By approving SRP's preferred route the ACC will avoid setting a statewide precedence of allowing high voltage power lines to be built in existing, densely populated communities. The 230kV power lines do not belong on Germann Road, a built up, highly populated residential community. Voting to approve the GRIC route will benefit our neighbors, the Gila River Indian Community. The Allottees in the tribe have overwhelmingly approved the route.

Overall, this is a win-win situation for all involved; it will provide the least impact on densely populated private land while providing the economic and new technology benefits that the Gila River Indian Community Allottees voted for.

Our community, Germann Country Estates, along with SRP, GRIC, and the City of Chandler, support an approval of the Price Road Corridor GRIC route.

Sincerely,

Peter Bergmann
President

Germann Country Estates Homeowners Association
